K-Cup® Pod  
Recycling Program

**KeurigKCycle.com**

**You return.  
We recycle and compost.  
Everyone wins.**

## We share your commitment to sustainability.

That's why we're proud to offer the K-Cycle™ Recycling Program. A simple way to make sure that every K-Cup® pod is fully recycled – giving all materials a second life and reducing waste. In 2019, users just like you recycled 1,250,000+ lbs. of material that otherwise would have ended up in a landfill!<sup>1</sup>

<sup>1</sup>2019 Program Reporting

### Available in 48 States

The Keurig K-Cycle™ program is currently unavailable in Alaska, Hawaii.

CARBON  
NEUTRAL  
SHIPMENT

## You Brew & Collect

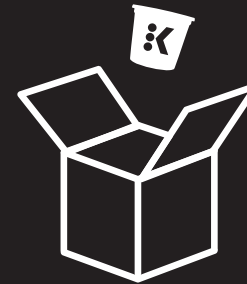

1

Brew your  
favorite  
K-Cup® pods

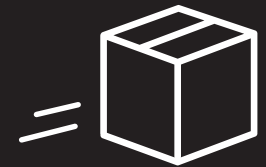

2

Fill bin with used  
K-Cup® pods

3

Return  
full K-Cycle™  
bin

## We Recycle & Compost

4

We separate  
the components

5

Plastic  
and aluminum  
are recycled.

Coffee/tea  
grounds and filter  
become organic  
compost.

# Our Recycling Bins

In an effort to reduce impacts on our carbon footprint, the K-Cycle™ bins are bundled in packs of five (5), made from at least 70% recycled content, 100% recycled after use, and shipped via the UPS Carbon Neutral Program. Single bins are not available.

Each Bin Includes:

- Pre-paid UPS return label affixed to bin
- Pre-affixed bag and zip tie seal for brewed Keurig® K-Cup® pod collection

**PLEASE NOTE:** Due to the presence of organic waste, each bin should be replaced every 2-3 weeks.

Please visit  
**KeurigKCycle.com**  
to choose the bin size  
for your brewer station.

Large

450 K-Cup® Pods  
Capacity Per Bin

Small

175 K-Cup® Pods  
Capacity Per Bin
